

Account Settings

Q. How do I change my password?

You can change your password via the [Member's Station](#) and following the instructions below.

- In the menu on the left-side choose 'Password Change' which is under the 'User Settings' section.
- Enter the new password and then click the 'Set the Password' button on the bottom of the page.
- The new password will take effect in approximately one hour.
- You will need to update your password in your email settings on your computer. [Click HERE for instructions.](#)
- You will need to update your password in your Internet connection settings in your computer. If you are using a wireless router, please update the password in the router. [Click HERE for instructions.](#)
